

Evolution theory

LAND LADY D30 EVO

The strength of a classic product is to know how to keep changing it for the best. With a new D30 knuckle shell, an anti-twist system for the lining and the addition of Thinsulate and a longer cuff, the Land Lady D30 EVO is redefining this classic once again.

→ Protection/Security

- ✓ Land Lady D30 EVO is CE homologated as PPE.
- ✓ Main external material : 85% goat leather, 10% neoprene for a high softness and comfort.
- ✓ External D30 protection for metacarpians.
- ✓ Doubled layer and foam reinforcement on the palm.

→ Ergonomics/Comfort

- ✓ Waterproof and breathable insert
- ✓ Furygan 'Dual Lining' – the lining on the back of the hand is made from high thermicity fabrics for optimal protection against the cold, while the lining on the palm of the hand is designed to preserve the feeling of the levers especially thanks to **Thinsulate**. This technical padding offers high thermal performances and moisture drain, but without being as thick as standard padding.
- ✓ Anti-twist system. To ease fitting of the gloves even with wet hands.
- ✓ Rubber visor wipe on the left thumb.
- ✓ Wrists and cuffs adjusters.
