NO COMPROMISES FOR ANYONE WHO ALWAYS WANTS THE MAXIMUM

Description

Interphone Tour is the top product in the new Interphone line by Cellularline.

Top-level construction quality and an elegant shape for the new interphone featuring a Black Chrome titanium body.

Interphone Tour can connect up to four motorcyclists within a maximum distance of 1.5 km. It is compatible with all smartphones fitted with Bluetooth® technology and will let you receive and make calls, listen to music and follow GPS directions.

Compatible with all helmet models, Interphone Tour is totally waterproof, its battery has record-breaking autonomy of 20 hours and it can be recharged rapidly thanks to Fast Charge technology. It's the perfect interphone for long journeys.

Interphone Tour is easy to install and combines advanced technology, design and user friendliness.

INTERPHONE

INTERPHONE

GENERAL FEATURES

- Talk time: up to 20 hours
- Standby: 1000 hours
- Charging time: 80% charged in 1 hour
- New 80MHz digital signal processor (DSP) to improve the audio experience
- Direct function buttons (Quick Touch)
- User-friendly interface

ADVANCED FEATURES

- Genius Pairing: pairing between 2 or more intercoms by simply turning on one device
- Smartphone App: compatible with iOS and Android. Allows intercom configuration and control directly from the Smartphone
- Radio FM Mix: listen to music from FM radio and AUX outputs without interruptions. Possibility to communicate in intercom mode and listen to music in the background at the same time
- Vox: intercom activation using voice commands (VOX)
- Anycom: allows communication with all Bluetooth® intercom devices by different brands, in full duplex mode
- Automatic reconnection: if the intercom connection is lost, it will be automatically reactivated as soon as coverage is restored

INTERCOM MODE

- 4-way: conference mode between 4 Bikes, or 2 Bikes with Rider + Passenger
- 3-way: 3 Bikes or 1 Bike + 1 Bike with Rider-to-Passenger
- 2-way: Bike-to-Bike or Rider-to-Passenger

INTERCOM RANGE

Up to 1.5 km in full duplex

MOBILE PHONE

- Speed dial: possibility to store one telephone number, with rapid redial via intercom command
- Voice call (depending on mobile phone model)
- Last number redial
- Shared telephone conversation with passenger

BUILT-IN FM RADIO

- 88.0 MHz to 108 MHz receiver
- RDS function (adjusts to best frequency depending on area)
- 8 pre-set stations
- Automatic storage of first 8 most powerful stations
- Automatic radio mute for incoming calls.

GPS

- Compatible with most major Bluetooth® navigation devices for motorcycles
- GPS voice instructions
- Compatible with most major smartphone navigation Apps

MP3 / MUSIC

- Wireless MP3 music (A2DP/AVRCP) through Smartphone and MP3 player
- Song Sharing: music sharing between rider and passenger

FIRMWARE UPDATE

- Firmware update-ready directly from PC (Windows)

COMPATIBILITY WITH

- Majority of helmets on the market
- All smartphones equipped with Bluetooth® technology
- GPS navigation devices with Bluetooth® technology and HFP profile
- Intercoms by other brands
- Earlier Interphone models

WATERPROOFING

- Waterproof level: IP67

AUDIO

- Pre-recorded voice messages (with updatable multi-lingual packages)
- Directional wind-proof microphone
- NDVC - noise dependant volume control
- Dual volume adjustment mode
 - a) for jet and modular helmets - b) for full face helmets

CHIPSET/BATTERY/CHARGER

- Chipset: low-energy high performance processor
- Bluetooth® version 4.2
- "Infinity" battery with record autonomy
- Fast charge: recharges intercom at maximum speed. In just 60 minutes, 80% of the battery will be charged. 20 minutes of charging is equal to approximately 6 hours of conversation. Furthermore, thanks to the electronic protection circuit, the battery is protected and charging is optimised
- USB connector charging cable microusb
- Connectors for microphone and speaker (MINI USB) and for charging, data and AUX (MICRO USB)

PACK CONTENTS

- Control unit rapid release system
- Double installation bracket for helmet (clip and adhesive)
- Internal audio unit with ultra-thin earpieces
- Boom microphone (jet and modular helmets) and adhesive pad microphone (full face helmets)
- Micro USB data and charging cable
- Powerbank

DIMENSIONS

Weight: 55 g
Length: 86.9 mm
Height: 50.4 mm
Depth: 22 mm

CERTIFICATION

* Results may vary depending on environmental factors, such as terrain and electromagnetic pollution

** Reduced operational range when connected to earlier Interphone models
