

Multi-position

GENESIS CLAW

The Genesis Claw shares the same features than the Genesis Tourer, but in a more aggressive design : a smart multi-season jacket, accessible and polyvalent. Equipped with AFS system and 3D mesh lining for thermoregulation, it will be performant in summer and mid-seasons. Put in the specific removable lining and you'll obtain a warm and waterproof garment for winter. He who can do more can do less.

→ Protection/Security

- ✓ Genesis Claw is CE homologated.
- ✓ Main external material : high tenacity polyester for abrasion resistance.
- ✓ **Furygan Skin Protect** lining approved by Furygan's R&D (Motion Lab) to reinforce the products in terms of tearing and abrasion resistance.
- ✓ **Homologated protectors for elbows and shoulders.**
- ✓ The back protector pocket is compatible with D30's "Central Back" (level 1) and "Full Back" (level 2) back protector, available as an added option.

→ Ergonomics/Comfort

- ✓ **Thick removable polar thermal lining.** An excellent protection against the cold that integrates a specific insert to make the jacket **100% waterproof** when fitted inside.
- ✓ The back and chest feature an internal **3D honeycomb lining** which improves the strength of the fabric, offers increased comfort and better thermoregulation in all weathers.
- ✓ **Furygan "AFS" system :** vents with water repellent zips on the arms can be opened in order to create an air flow in the vest.
- ✓ The internal lining of the sleeves is constructed from 80% hypoallergenic cotton for increased comfort.
- ✓ Five pockets (two outside and three inside including a mobile phone net pocket).
- ✓ Adjustable at the wrists, waist and arms (to ensure the elbow protectors will remain fitted even without the removable lining).
- ✓ Connecting zip mounted on an elastic belt. Additional snap claws to link the jacket to the belt of your trousers quickly and easily.
