Choose the best solution for your needs

Cases

A range of protective cases with built-in Quiklox mount dedicated to different smartphone models.

Total protection of the screen and of the corners, from bumps and falls thanks to the special design with raised edges for high frontal protection e maximum safety thanks to the anti-loss strap included in package.

Elegant thanks to the soft touch finish and durable TPU, this cases are perfect for both motorcycle and everyday use.

Waterproof and ultra-protective cases

For extra protection, Interphone has developed two ultra-protective and waterproof cases with the **new built-in Quiklox universal system**.

Crab smartphone holder

A new version of the famous Interphone Crab smartphone holder with integrated Quiklox coupling. The **quick coupling and release system** allows to handle the smartphone even with the case and to use the touchscreen in total comfort.

Adhesive pad

The perfect solution for smartphones for which there is no one dedicated case.

The adhesive base with the built-in Quiklox system attaches securely to the phone case to make it compatible with all the mounts of the range.
